# LEDGER

WEEKLY REPUBLICAN—1867.  
DAILY PUBLIC LEDGER—1892.

UNCLE ANNE'S IDEA OF LUCK.  
You think your case is tough, my boy, because  
you have to labor;  
You growl sometimes because you can't just  
strike it like your neighbor.  
Who's made a lot in stocks, they say, and other  
kind of dealin's,  
And holds his head so high it seems to ruffle up  
your feelin's—  
But still you better than your stars, I claim  
you're mighty lucky.  
Because the fact is that you might be livin' in  
Kentucky.

You set around and fret because the woman  
you love madly  
Goes flirtin' with some other chap and likes to  
tear you apart;

You think of these rich folks with yachts who  
sail across the ocean,  
Or go a-playin' golf and things whenever  
they've the notion;

But, though you have to work away for all you  
eat, you're mighty lucky—

You might be mixed up in a feud and livin' in  
Kentucky.

There's many a gallinless man today shut up in  
some dark prison.

Who thinks the saddest fate of all in this old  
world is his'.

Who weeps because they've put a stain that's  
shameful and that's awful.

Upon him, when he never done a thing that  
was unlawfu,

But gladness ought to fill his heart; the fact is  
that he's lucky—

He might have, though he's innocent, been sen-  
tenced to Kentucky.

I'll never grumble any more or get to sadly  
wishin'

That Fate would joggle things and bring it  
change in my condition;

It's pretty hard to have to work for everything  
you're gettin'.

While others have the best there is without the  
toll or sweatin'.

But still I guess I've got the sense to see I'm  
mighty lucky—

I'm not in Breathitt county, which is part of  
old Kentucky.

When a pack of rowdies start out, loaded with  
whisky and pistols, there's little matter for  
wonder that some man's house is raided or fired

are more or less responsible for their conduct.

Saturday night amid the rush and crush of

A fellow at a neighboring Fair under the in-

take. Had he been a slight-of-hand man he  
might have retrieved the bill, but as he wasn't  
he had to stomach the loss of his greenback, al-  
though it made him pretty blue. Of course his  
better-half found out about the matter when he  
returned home, but she wasn't as hard on him  
as the case demanded, for she only remarked  
that he might as well have chewed it up as  
drank it down.

A Little Early to Talk About

....Fall Clothing

Yet in view of the multitude of visitors that will be with us during the Elks Fair, when it will be a little late to talk about Summer Clothing, we have arranged to have our entire stock of Fall and Winter Clothing in our house by the 15th of August. Only the productions of the best manufacturers are represented in our lines—

STEIN-BLOCH, ADLER BROS.  
and GARSON-MEYER,

Have become household words with good dressers, all three lines confined to us.

Whilst our 25 per cent. Discount Sale closed Saturday, August 1st, there are several lines of high grade Suits in broken sizes that we have put on our counters to sell at way below former selling prices. Take a peep at them. If you find your size you will do well to buy it.

THE HOME STORE. D. HECHINGER & CO.

# To Our PUBLIC

In response to repeated inquiries as to w' er we will move, we make the following statement:

**THE NEW STORE**—We hoped August 1st would mark that interesting event, but uncontrollable de-  
lays about lumber needed for changes in the interior arrangement of the store will postpone the formal opening  
about two weeks longer. In the meantime the store is open, with some very good bargains to invite you therein.

**DOORS CLOSED**—When arrangements are nearing a finish, the doors will be closed a few days for  
readjustment of stock, final decorations and the completion of a delightful surprise, of which more later.

**DOORS OPEN**—The reopening will be formally announced several days in advance and other inter-  
esting details will be given, to make the introduction of Hunt's New Store important and impressive.

**THE OLD STORE**—The old store will be closed as soon as all business connected with it is fully ad-  
justed. That may be a question only of weeks and it may be much longer. We can speak with no certain  
voice just now. In the meantime, as long as the doors are open, at Hunt's old location you can count on buying  
goods cheaper than ever in its 51 years history of good goods at lowest prices.

## REPUBLICAN COUNTY CONVENTION.

The Republicans of Mason county will meet at the Courthouse Saturday, August 22, 1903, at 10 o'clock p. m., to select delegates to the Convention to be held at Vancouver, August 26th, 1903, to nominate candidates for Judge of the Nineteenth Judicial District and State Senator from the District composed of Mason and Lewis counties. Basis of representation is one delegate for each 50 votes and fraction over 25 cast for Presidential election in November, 1900.

W. D. COCHRAN, Chairman.

It begins to look like nobody but Democrats are allowed to sit on Juries in Kentucky.

THE report of the Department of Agriculture says that "more than nine-tenths of the hemp produced in the United States is grown in Kentucky." It may not be known generally, but it is a fact that fifty years ago this good old town of Maysville was put down in the schoolbooks as "the greatest hemp market in the world."

ROBERT POLLEY, who claims he was blacklisted by the L. and N., and who sued for \$50,000 damages, filed a second suit for \$20,000 today.—*Louisville Post*.

Good!

And that makes \$70,000 that Mr. POLLEY wants for damages to a probably thirty-seven cent character.

And how the modern Labor Agitator and Walking Delegate does "squeal" when some of his own medicine is rubbed on his own sore shin!

The "boycott" that strikers prosecute is a "blacklisting" of employers who do not yield to every unreasonable demand of the Walking Delegate; and the Walking Delegate and his followers are exceedingly happy therat.

"Blacklisting" is the "boycott" that employers use against men whom they consider unworthy of employment; and the Walking Delegate and Grafters of the ROBERT POLLEY ilk grow redheaded by reason thereof.

My, what a difference it does make when the other fellow's bovine is punched in the short ribs!

The German Emperor has conferred on Mr. Wilhelm Ganz, of the Guildhall School of Music, the Prussian Order of the Red Eagle.

A girl child was born recently at the "Egyptian Village" in the Fire Exhibition, Earl's Court. She is named Alexandra Ibrahim, in honor of the Queen.

It is reported that in view of the looting of Boer Bibles that took place during the late War the Bible Society is to make a free distribution of 5,000 Dutch Bibles bound in leather.

Found guilty of fraudulent bankruptcy, Adolf Schmidt, manager of a grain drying company, has been sentenced at Cassel, Germany, to a fine of \$750 and two years' penal servitude.

Advices from Uganda state that the trouble with the warlike Masai was caused by the tribesmen in British territory raiding across the German frontier, and that complications are not improbable.

Mr. Crooks presented an enormous petition, signed by 69,684 persons, to the House of Commons recently in favor of the remission of the sentence of Sergeant Price, who is now serving a life sentence for the murder of his wife.

As long as Brazil continues to grow fifteen and one-half million bags of coffee, which was nearly the amount of her last year's product, and about the estimated amount of the world's consumption, there is no probability that coffee will advance in price.

## HOME NEWS.

Of Interest to Everyone in Maysville.

In every newspaper in the country you will read statements made by people living in out-of-the-way places who are supposed to have been cured or derived great benefit from some wonderful remedy or "cure-all." Bather in Maysville we only publish statements made by Maysville people—the testimony of your friends neighbors and fellow townsmen.

Mrs. Pierce Mills of 922 Forest Avenue says:

"The experience Mr. Mills had with Doan's Kidney Pills gave him a high appreciation of their value. He procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. The results obtained lead him to speak in high praise of this effective kidney remedy."

UNCLE SAM'S experts have devised a new sort of paper for his Treasury and bank notes. The new bills will have a soft, velvety feel instead of being "crisp" as new ones now are. However, a few of the old kind will be gladly received for subscriptions to THE LEDGER.

It isn't Republican papers alone that are exposing the corrupt state of affairs in Breathitt county—the county where Democracy and assassination go hand in hand, and where official thievery flourishes like a green bay tree. One of the late developments there is a series of gigantic land swindles, in which the Democratic county officials were "up to their eyes" in the graft, and which is thus treated by a Democratic newspaper, The Lexington Herald.

"When elections are corrupt, when nominations are fraudulent, and public officials receive commissions dishonestly, the evil results will be in every department of the public service and unpunished crimes of every variety will be committed. The publication of the skillful and continual land swindle in Breathitt county is another demonstration of this. Thousands of dollars were fraudulently, dishonestly obtained by the aid and direct acts of officials of that county. Numerous deeds conveying false titles to swindle strangers were put on the public records of the county; the Deputy Clerk, the Deputy Sheriff and the Surveyor obtained many thousands of dollars from these swindled strangers in the form of fraudulent taxes, false fees and pretended surveys. This swindle was known and exposed by at least one firm of lawyers in that county; and yet no official took any step to bring the delinquents to trial and justice. Neither the Sheriff whose Deputy was collecting these pretended taxes, the Clerk whose Deputy was collecting these dishonest fees, the County Judge, the County Attorney or the Circuit Judge or the Grand Jury took any cognizance of these numerous and infamous crimes. It is barely possible but hardly credible that they were not known. The unusual and peculiar mail did not arrest the attention of the postal service; the numerous drafts or postal orders created no suspicion or inquiry by the Banks or the Postal Department. The fraud went on successfully for months or longer; and but for the murder of Mr. MARCUS and the aroused public attention it is probable no one would have dared to make an investigation. We know not what possible explanation or excuse has been or can be made by the judicial and other officers of that county for their silence if not their connivance.

"The fraudulent use of the mails can be punished by the Federal judicial authorities and it is to be presumed that Judge COCHRAN and Judge TINSLEY will see to it that rigorous investigation is made by the Federal Grand Jury; and a careful investigation will be made by the United States Inspectors.

"This fraud is of untold injury to Kentucky and to every enterprise for the development of the mountain lands of the state. Capitalists—especially small investors—may well decline to buy any Kentucky lands when such frauds go not only unpunished but without investigation. Crimes go in shoals; a community who encourages lawlessness and fails to punish the lawbreaker suffers from every conceivable form of lawlessness. The 'blind tigers' flourish where murder is committed with impunity; perjury and bribery are intimate associates; frauds follow fast; public funds are either wasted or stolen; and life, property and rights are without protection."

Maysville Weather.

What May Be Expected. Here During the Next Thirty-six Hours.

THE LEDGER CODE.

WHAT STREAMER—FAIR;  
Blue—Rain or Snow;  
Black Above—Twill Warmer Grow.  
Black Beneath—Colder 'Twill Be;  
If Black's not shown no change will see.  
The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock tomorrow eve.

J. C. Kirk & Co. Saturday shipped East 676 Lamba.

Bishop I. W. Joyce will preside over the Conference of the M. E. Church which convenes at Covington September 16th.

There'll be work in the E. A. Degree at tonight's meeting of Maysville Lodge No. 52, F. A. M., and visiting Brothers are invited.

Mr. J. B. Daniels of Charleston Bottom is the champion water-melon and cantaloupe raiser of this section, exceeding, if anything, the former reputation of that locality for the biggest, the best and the most luscious productions. Just try some of his melons and you'll be happy all day long.

The first two days of the Germantown Fair have 79 rings for sheep, swine, cattle, saddle and draft horses. Farmers who desire to make an intelligent study of best farm stock should not fail to see this instructive exhibit. On account of over \$600 in increased premiums the exhibit in these classes is expected to be the best in years.

HALL OF NATIONS.

One of the Unique Features of the Cincinnati Fall Festival.

Novelty in the arrangement of exhibition features is eagerly sought by promoters of Industrial Expositions. The Fall Festival Association of Cincinnati claims to have solved the problem of combining usefulness and beauty for display purposes, in a Hall of all Nations for the September Festival.

The floor of the great Music Hall will be arranged in a series of booths, each representing some Nation of the world—England, France, Spain, Germany, Russia, Ireland, America, etc.,—with decorations, architecture, costumes, and, so far as may be, exhibits, showing the typical products and industries of the country represented.

The merchants and business men of Cincinnati, have not been slow to appreciate the decorative advantages of the Hall of all Nations for presenting their goods and importations under the most favorable conditions. One important house will display silks, laces and feminine trifles under the French Tri-Color; another, cotton ducks, prints and drillings, under the Stars and Stripes; the Brazilian flag will wave over a booth wherein the entire process of gathering, drying, roasting and making coffee from the berry will be carried on; the Russian booth will exhibit costly furs; "the cup that cheers yet not inebriates" will be brewed under the claws of the yellow dragon, guardian of the Celestial Empire; memories of the German fatherland, and of Erin, will be revived by handsomely decorated booths, maintained by patriotic societies of those countries, whose citizens have found a new home under the gracious shadow of the American Eagle. The attendants of all the displays in the Hall of all Nations will wear the costume of the country to whose booth they are attached, thus maintaining a pictureque ensemble.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia and Liver Troubles that has not been cured; and we also mean their results, such as sour stomach, fermentation of food, habitual constipation, nervous dyspepsia, headaches, dependent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25c bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25c size has just been introduced this year. Regular size 75c. At Henry W. Buys', next door to Post Office.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with Indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures Indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me.

Mrs. J. W. COOLBAUGH, Milo Center, N. Y.
